We received the following letter after our 2008 event:

Dear God and Country Association,

This was my first year but definitely NOT my last! ... As people asked me what my ministry was about, I would reply "Have you ever made a mistake? One you couldn't get over? Well, I did, and this ministry is the story of finding my way back to my Savior Jesus Christ. One lady asked what my sin was, and when I said abortion, her face dropped. ... Soon she returned with a man who had brought his niece back here from out of state. Seems she was doing great, and suddenly she stopped working and eating, and just lay in her room days on end, crying. ... The day of God and Country, she admitted she had had an abortion. ... We met on Friday for coffee and I met Ann (not her real name), who agreed to go through a healing Bible study with me. Then on Sunday she surprised me by showing up at my church with all her family. Monday we begin the 12 week course that has set many women free from the guilt and horror of abortion. God and Country allowing booths for ministries will forever change this girl's life, with God's help. No one can measure the depths of gratitude for watching a young lady again find Christ and begin again. The importance of even one is immeasurable. Thank you for being an instrument God could use.

**Without sponsors like you, we won't
hear success stories like Kay Painter's.**

Your sponsorship makes a real difference, not just to one ministry, but to dozens that partner with us to reach an average of 14,000+ visitors

...I would have to say we had a very successful event. ... We met a couple of families that have kids with cancer, and another family with a kid that has a brain tumor. All of the families were excited to hear what we did and they all want to participate. We also met a lady that had a five year old child die from cancer about five years ago, and she volunteered to help us write daily devotionals for our website. I can't imagine the event turning out any better for us. Thanks again for allowing Jude 22 to participate, and we look forward to next year's event!

In Christ's Service!

Please tell your board how helpful this event has been in getting out the word for Project PATCH. As you know, PATCH is a ministry redirecting the lives of troubled teens. They live full time with us in Garden Valley while they heal emotionally, learn their intrinsic value in Jesus, and also how to make positive choices for their lives. It gives kids who are headed for destruction a chance at a better future, and often, eternity! We've met many people at the God and Country Festival who've contacted us about their kids. Thank you and all the board for this invaluable opportunity!

Being at a rally that size gives our ministry the ability to meet new people and share the hope that Jesus offers! We are also able to meet with other people in other ministries and form relationships that can and have strengthened our ministry. ... I am excited to be a part of this rally again next year! Thank you for all your hard work and time put into this ministry!

God bless,

Shannon

Director

We had quite a few people stop by our booth to inquire about what Summer of Hope is about. If even one of these local families made a decision to adopt one of our precious kids to be a part of their family forever, can you imagine how life changing that is for that one child? ... That is one of the blessings that we can experience here in Idaho that Community comes together for the greater good of all. It was truly a privilege to take part in such a positive family event that touch so many.

God bless you!
Sincerely,
Bonnie Stern

Thank you so much for including Mission Aviation Fellowship (MAF) in the God and Country Family Festival. ... MAF is working hard to serve our

Lord throughout the world, but we are just now becoming known to the Treasure Valley. Your generosity in allowing us to reach out to the local community sends a message of support and commitment to furthering God's Word.

With sincere thanks,

...I had a lot of people who wanted to thank us for serving. In addition, I had the opportunity to hand out Bibles and encourage those receiving them to allow God to transform their lives through the reading and application of the Bible.

Thank you and God bless.
